

Lab-8

8). Create a responsive web page of your college which includes information regarding Vision, Mission, Program specific outcomes, Courses Offered, Image gallery of events, Top Recruiters using Bootstrap only. Using Grid Layout and use Bootstrap class for Style

TAGS USED / ATTRIBUTES USED / DESCRIPTION:

TAGS USED	ATTRIBUTES USED	DESCRIPTION
<code><!DOCTYPE html></code>	—	Declares that the document uses HTML5.
<code><html></code>	<code>lang="en"</code>	Defines the root of the HTML document and specifies English as the language.
<code><head></code>	—	Contains metadata and links for the webpage.
<code><meta></code>	<code>charset="UTF-8"</code>	Sets the character encoding to UTF-8.
<code><meta></code>	<code>name="viewport", content="width=device-width, initial-scale=1.0"</code>	Makes the webpage responsive on different screen sizes.
<code><title></code>	—	Sets the title displayed in the browser tab.
<code><link></code>	<code>rel="stylesheet", href="style.css", rel="icon"</code>	Connects the HTML page to external CSS files.
<code><body></code>	—	Contains all visible content of the webpage.
<code><header></code>	—	Defines the top/header section of the webpage.
<code><div></code>	<code>class="logo"</code>	Creates a container for the logo.
<code></code>	<code>src, width, alt</code>	Displays an image, specifies its path, width, and alternative text.
<code><nav></code>	<code>class="top-nav"</code>	Defines the navigation section containing menu links.

<code><a></code>	<code>href="#"</code>	Creates clickable navigation links.
<code><div></code>	<code>class="container"</code>	Creates the main container for the sidebar and content.

Code :

Index.html

```

About Us
Contact Us

Vision
To impart quality technical education through research, innovation and teamwork for creating professionally superior and ethically strong engineers.

Mission

- Maintain state of the art ICT enabled teaching and learning methodologies.
- Making graduates to become digital upskilled, innovative, and professionals.
- Provide skills, knowledge, and attitude for success as engineers, leaders, and entrepreneurs.
- Prepare graduates for lifelong learning and career challenges.

Program Specific Outcomes

Apply knowledge and competence in the design and development of computer based systems addressing industrial and social needs.

Adapt to emerging technological advancements including cybersecurity, AI/ML, and IoT.

Courses Offered

B Tech in Computer Engineering

B Tech in Cyber Security

B Tech in Computer Engineering

B Ed in Computer Science & Engineering
